1 curve Functions

In R, the functions in this package are made available with

```
> library("curve")
> ls()
```

As of R-2.1.0 the code from the vignette that generates this guide can be loaded into an editor with *edit(vignette("curve"))*. This uses the default editor, which can be changed using *options()*. Also, it should be possible to view the pdf version of the guide for this package with *print(vignette("curve"))* and the guide for the dse bundle with *print(vignette("dse-guide"))*.
